CHARTERS

USCG liscensed captain and able boat hand with 20+ years fishing experience ranging from Commercial salmon fishing in Alaska to fishing and operating charters here in the local waters off Cape Cod.

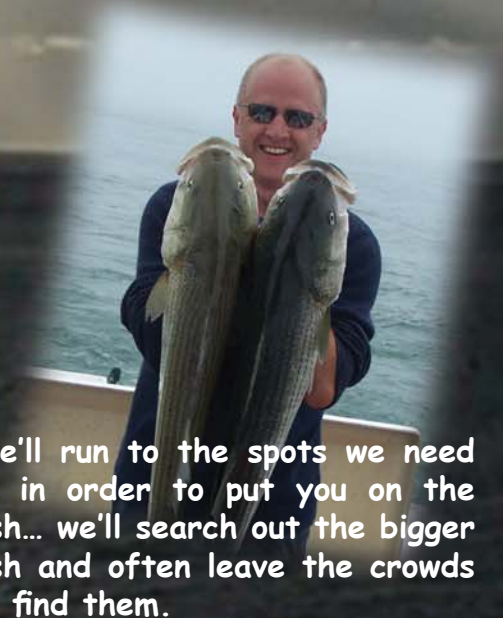

Whether aficionado or greenhorn, we'll deliver a trip to remember.

The waters off Chatham and Monomoy Point teem with game fish from late Spring to late Fall. Rated as the best place for striped bass "in the world" by Saltwater Sportsmen "Aug.08", these grounds are a mere half hour run aboard the sleek and swift Triple Play, my retrofit Bertram 31 Bahia Mar sportfisherman. You'll get the full experience, as you want it to be, on a trip customized to your liking. Check the web for the latest info, rates, and news.

Kid friendly is part of the plan aboard the Triple Play

We'll run to the spots we need to in order to put you on the fish... we'll search out the bigger fish and often leave the crowds to find them.
